*Philippe Orban Sensei has been practicing Aikido since he was eighteen. At the age of twenty-five, he decided to change his life in favor of Aikido and went to Paris to practice as Uchi Deshi under the instruction of Christian Tissier Shihan from 1988-1996, obtaining his 4.Dan in 1992. In 1996, he inaugurated the [Fudoshin Dojo in Leipzig](#), Germany and has ever since been running local, national and international seminars. Since 2006 he has also established close and regular contact with Minoru Inaba Shihan and the Shiseikan Dojo in Meiji Jingu, Tokyo to further deepen his practice and understanding of Kashima Shin Ryu Kenjutsu. After his highly successful and enjoyable seminar with us in October 2010, Philippe now returns to train with us for a full 6-day seminar/summercamp.

We look forward to seeing you on the mat, onegai shimasu!
