*Philippe Orban was born in Nancy (France) in 1962. He has been practicing aikido since he was eighteen. At the age of twenty-five, he decided to change his life in favor of aikido and went to Paris to practice Aikido as uchi deshi, under the instruction of Christian Tissier Shihan from 1988-1996. He obtained his fourth Dan in 1992. During these years he also visited classes in Thai-boxing, Judo and Brazilian-jujutsu. In November 1996, he inaugurated the [Fudoshin Dojo in Leipzig](#), his own Japanese school of Aikido, Ken-jutsu and Aiki-jo.

We look forward to seeing you on the mat, onegai shimasu!
